AUTO IN MINIATURA PER COLLEZIONISTI
MODEL CARS FOR COLLECTORS
MODELES REDUITS POUR COLLECTIONNEURS

H 1:43

Marco Bossi, born in Turin, is the founder and the factotum of the IDEA 3. From the production of "white metal" kits, introduced in 1974, he changed in 1982 introducing, first in Italy, a new serie of artisan die cast model cars. He is very well known in worldwide for its various activities regarding the world of miniature cars.

The IDEA 3 model cars, like to underline Marco Bossi, are made by a collectors for collectors. And here is the difference!

Marco Bossi, turinois; est le fondateur et le factotum de la maison IDEA 3. Il a commandé son activité en 1974 avec la production des kits en "white metal" et, en 1982 a changé type de production introduisant sur le marché, premier en Italie, une nouvelle serie de modèles réduits artisanaux en zamak. Marco Bossi est connu dans le monde entier pour ces nombreuses activités dans le domaine de la miniatures. Il aime souligner que les IDEA 3 sont les seules modèles en zamak construits par un collectionneur pour les collectionneurs. Et ça fait la différence!

Marco Bossi, torinese, è il fondatore ed il factotum dell'IDEA 3. Dalla produzione dei "modelli speciali" in metallo bianco, presentati nel 1974, è passato, primo in Italia, alla produzione artigianale di modelli in pressofusione. È noto in tutto il mondo per le sue molteplici attività nel campo del collezionismo di auto in miniatura. I modelli IDEA 3, ci tiene a sottolineare, sono gli unici costruiti da un collezionista per i collezionisti. E qui stà la differenza!

Serie

idea3

Automodelli in pressofusione in metallo con particolari cromati.
Pneumatici in gomma scolpiti. Interamente montati a mano.

Model cars made in die cast and equipped with chromed parts.
Engraved rubber's tyres. All the models are entirely hand assembled.

Modèles réduits en zamak avec pièces chromés. Pneus en caoutchouc gravés. Tous les modèles sont assemblés à la main.
